

## Week 11-

- In Tuesday class, we took a quiz on the same topic. Later that day, we learned how to use Github with WSL. Some stuff we learned this week-
- Well i forgot my password so had to reset it first with `$wsl -u root`
- Different commands we learned -
- `$ git --version`
- `$ Sudo apt install git`
- `$ git config --global user.name "Archana archana.kumawat23_ug@apu.edu.in"`
- `$ git init Archana`
- `$ cd Archana`
- `$ git add .`
- `$ Pico`
- Ctrl O - for naming the file
- Ctrl X - for exit
